

CSE 518A: Assignment 4

Due: Midnight, November 25 (Monday), 2019

Notes:

- Please submit the assignment using Gradescope. Each team only needs to submit one report. Check the following link on how to submit group assignments on Gradescope. Make sure you follow the instructions and assign team members correctly.
<https://www.youtube.com/watch?v=a6DERS94qPY&feature=youtu.be&t=32s>
- The assignment is due **by 11:59 PM on the due date**. Remember that you may not use more than 2 late days on any one homework, and you only have a budget of 4 in total.
- Please keep in mind the collaboration policy as specified in the course syllabus. You can (and are encouraged to) discuss with other students, however, you **must write down the solutions on your own**. You must also write, in the beginning of the submission, the names of students you discuss the questions with and any external sources you used in a significant manner in solving the problem.
- As announced, this assignment is intended to be the report of your discussion in class. If you cannot make it to the class, you are responsible for completing the assignment on your own. The grading criteria will be the same regardless of how many students are involved in a single report.

Assignment Description:

- Please choose one article from the following zip file (You will be assigned one article if you come to the lecture.)
http://chienjuho.com/courses/cse518a/fa2019/ethics_articles.zip
- Write a report addressing the following two sets of questions (corresponding to the two discussion sessions in class).
 1. Summary of the reading.
 - What are the (ethical) issues brought up by the article?
 - Who are the stakeholders? How are they impacted and/or what do they care about in the process?
 - What are the potential root causes of the issues?
 - How could you or someone you know be impacted by (similar) issues brought by the article?
 - What are the impacts of the issues to the society?

- Any other things you find important/interesting to discuss.
- 2. Your proposed approach to resolve the issues.
 - Assume you are a consulting firm and are asked to give a solution for the problem.
 - Try to think from the perspectives of different stake holders.
 - You need to address the potential challenges of the proposed solution and discuss what may be done to address the challenges.
- While this is not a hard requirement, the report is expected to be at least 2 to 3 pages.
