- Exam Start Time:
- Exam End Time:
- During the exam, if you have a question or if you finish before time is up:
 - **Do not get up**
 - Raise your hand and I will come to you
 - I most likely will not answer questions to individual students
 - But I'll give clarifications to everyone if multiple students ask the same question
- When time is called:
 - **Stop writing; Do not get up**
 - We will come around and collect your exam
